

The **Diplomat** fabric canopy by **QUEEN CITY** creates a striking, easy to find entrance to your building. The **Diplomat Canopy** provides protection from sun, rain and snow for people entering and exiting the building and can also be configured to accommodate drive under traffic. The time-honored “gable” shape of the **Diplomat** is created with simple lines which can relate to most any building construction. Adding signage to an awning can uniquely identify your building and set it apart from others.

**Proline Fabric Awnings** are custom made to conform to most any building and feature rigid welded structural metal frames with architectural fabrics specifically designed for exterior use.

### SPECIFICATIONS:

Series: PROLINE

Style: Diplomat fabric canopy

Size: Specify width, height, projection.

Fabric: Specify type and/or brand.

**CANVAS** - Woven acrylic fabric is U.V. and mildew resistant and water repellent. Available in solid colors and striped patterns. Some solids and patterns available in a flame resistant series.

**VINYL** - Laminated or coated polyester fabric is U.V. and mildew resistant and water repellent. Available in solid colors and with protective coatings. Also available in

translucent colors for backlighting. Most vinyl fabrics are flame resistant, consult factory.

Frame:

**STEEL** - Galvanized square and rectangular ASTM A-500 steel tube with smooth, clear polymer finish. Connections are welded and coated with rust inhibitive paint to match galvanized finish. Fabric attaches to frame either by lacing, tec screws or C-molding.

Mounting: Awning and canopy frames are furnished with wall brackets for mounting to masonry, wood and E.I.F.S. Canopies are furnished with galvanized square steel tube posts.

Specify post flange or sleeve and footer.

Graphics: Lettering and signage can be applied to fabrics in a variety of methods. Surface applied graphics for non-backlit applications and translucent graphics for backlit applications.

Options:

**EGGCRATE CEILING** - Awnings and canopies can be furnished with a white styrene eggcrate ceiling.

**PAINTED FRAMES** - Awning and canopy frames can be electrostatically painted to match specified colors.

Specifications subject to change without notice. Consult factory for any unique requirements.
