

The **Promenade** fabric awning by **QUEEN CITY** creates a striking addition to the facade of your building. The convex shape of the **Promenade** creates an inviting element to attract people to your storefront or facility while providing protection from sun, rain and snow. Fabric Awnings have a natural inviting warmth which few other building materials can achieve. Adding signage and/or lighting to an awning can uniquely identify your building and set it apart from others.

**Proline Fabric Awnings** are custom made to conform to most any building and feature rigid welded structural metal frames with architectural fabrics specifically designed for exterior use.

### SPECIFICATIONS:

**Series:** ProLine

**Style:** PROMENADE fabric awning as manufactured by Queen City Awning Cincinnati, Ohio

**Size:** Specify width, height, with rust inhibitive paint to match

**Fabric:**

CANVAS- Woven acrylic fabric is U.V. and mildew resistant and water repellent. Available in solid colors and striped patterns. Some solids and patterns available in a flame resistant series.

VINYL- Laminated or coated polyester fabric is U.V. and mildew and water repellent. Available in solid colors and with protective coatings. Also available in translucent colors for backlighting. Most vinyl fabrics are flame resistant, consult factory.

**Frame:**

STEEL- Galvanized square and rectangular ASTM A-500 steel tube with smooth, clear polymer finish. Connections are welded and coated with rust inhibitive paint to match galvanized finish. Fabric attaches to frame either by lacing, tec screws or C-molding.

ALUMINUM- Fabri-Frame aluminum extrusion system. Mill finish square and rectangular shapes of 6063-T6 alloy. Connections are welded and cleaned. Fabric staples into frame slot and is covered with a PVC insert. Specify color of insert.

**Mounting:**

Awning and canopy frames are furnished with wall brackets for mounting to masonry, wood and E.I.F.S.

**Graphics:**

Lettering and signage can be applied to fabrics in a variety of methods. Surface applied graphics for non-backlit applications and translucent graphics for backlit applications.

**Options:**

BACKLIT- Awnings and canopies can be furnished with high output fluorescent light fixtures for illumination.  
EGGCRATE CEILING- Awnings and canopies can be furnished with a white styrene eggcrate ceiling.  
PAINTED FRAMES- Awning and canopy frames can be electrostatically painted to match specified colors.

Specifications subject to change without notice. Consult factory for any unique requirements.
